In-Home Services

- 8** Empathy and Grief Groups
- 44** Home Passes
- 6** Family Dinner Nights
- 1** Youth Day of Service
- 359** Hours of Family Programming
- 13** Community Partners

Dear Friends,

The year 2023 has been truly monumental for RADIUS marked by significant milestones, including the completion of our facility, a successful Ribbon Cutting Ceremony, onboarding a dedicated team of 40 staff members, and the admissions of our first youth.

From a vision in 2019, RADIUS has grown into a place of hope and healing, thanks to our donors, neighbors, community partners, and our collaborations with Charles Drew Health Center, the Juvenile Division Administrative Office of the Courts and Probation, and the Nebraska Department of Education.

In July, RADIUS became fully operational providing youth and families with trauma-informed residential care, year-round school, in-home services, and physical and behavioral health treatment in partnership with Charles Drew Health Center. We initiated evidence-based pre-service training and engaged youth and the community through various activities.

In the fall, we celebrated a youth's high school graduation, and their journey towards postsecondary education.

The holiday season proved the joy of giving, with donors generously sponsoring personalized gifts for each youth, and a successful Giving Tuesday campaign, supported by corporate partners and volunteers.

At RADIUS, every day is a testament to the positive impact we create with youth at the center of our care. The ripple effects of empowerment extend to their loved ones, friends, schoolmates, neighbors, and the broader community.

This preview highlights our service area achievements from July to December. The demand for our services is substantial, and your advocacy and investment in our mission are invaluable. We extend our heartfelt gratitude to our donors, partners, community, and most importantly, our Board of Directors, staff, and volunteers. Join us in continuing our mission in 2024, making a lasting impact on the lives of the youth we serve.

Nick Juliano, PhD, MBA
President and CEO
